CROPPER ST

EST 1971

For over half a century, the Rapid Hardware store on Liverpool's Renshaw street provided the home DIY'er with everything they could possibly need, Whether they were missing a few nuts and bolts, required a new piece of kit for the garden or that one missing darn Allen key Rapid had you covered!

Founded in 1971 by Hugh Doherty it quickly became an icon of the city taking up a 1/3 of a mile over 200,000 square foot in its hay day.

We pay homage to this iconic building by continuing the theme of Rapid and creating Hardware inspired cocktails for you to enjoy

Lets get the job done!

D.I.Y

We believe in the "Do it Yourself" attitude
so all our syrups, shrubs, infusions +
other non alcoholic ingredients are made in
house by our dedicated bar team

We have also created these cocktails using a
range of current drink techniques to help
bring flavours together that will make you
want sip all night long.
