

HOW DOES IT WORK?

CHURRASCO

PORTUGUESE [chuh-ras-koh]

1. Enjoy unlimited service of traditional Brazilian cuts: a variety of fire-roasted meats, poultry, sausages, seafood, grilled halloumi cheese and spiced pineapple served from our specially designed barbecue.
2. Our churrasco items are spit roasted over natural charcoal and iron bark wood to create an intense heat of aroma and fragrance. We add dry rub seasonings, fine herbs, brines, marinades and glazes to enhance flavour and tenderness.
3. Our waiters move around the restaurant with skewers, slicing meat onto your plate. All skewers will come in no particular order, remember you can always ask for your favourites again, take your time because all of them are worth savouring.
4. We will serve a selection of traditional Brazilian side dishes and condiments that will perfectly complement your experience. They are all delicious, and you can always ask for more.
