Our Story

Established in 2013, Phoodle Eatery is a vietnamese restaurant which specialises in pho. We are a family run business with recipes that have been passed down from generation to generation.

Grandma has always said "If you ever tell anyone my secret recipes, I will kill you!" Ever since then we have never told a soul!

Food has always played a major part in our family, it is something that we hold dearly in our hearts and we want to share it with your family for the many years to come.

How our Pho broth is made

Making pho broth is like raising a child, everyone does it in their own different way. Everyone think that theirs is the best, however no two is ever the same & each will have their own characteristics.

Our broth contains a generous amount of beef bones which has been parboiled before the main process. Combined with onions to bring sweetness to the broth we cook this slowly over 12 hours with our combination of spices. Roasted spices such as star anise, cloves, cinnamon & many more brings depth to our broth, but it's the secret ingredients of patience, love and care that makes our broth special.

How to enjoy our Pho Soup?

1. Taste the broth the way it is.

2. Add beansprouts, basil, lemon and fresh chilli to your liking.

3. Traditionally hoisin & chilli sauce is used to dip the meats.

drinks
