# CARTE À VIN

## *Wine List*

The cultures of Vietnam and France are inextricably linked, so it is no surprise that the food of Vietnam is a wonderful accompaniment to the broad variety of wines that France has to offer.

Whilst our food menu traverses the length of Vietnam, consider our wine list a clockwise trip around the landscape of modern French wine. From the tension and texture of the whites of the Loire Valley, through the aromatic intensity of Alsace, down the golden road through Champagne, Burgundy, Rhône, and all the way back around to Bordeaux, we've been intrepid in our search for inarguable integrity with the producers, regions and styles we've collected.

You'll see some famous names, no doubt; however, if you're one to embrace the spirit of discovery, many of the more obscure wines on this list are emblematic of the extreme quality to be found in the few remaining corners of France that can still be called hidden gems, at least as far as Australia's shores are concerned.

So enjoy this journey through The New France; there are many amazing combinations to be had with the food here at Delta Rue. If you need guidance, our team of Sommeliers will be all too happy to act as your guide.
