WINE

This little list is all about matching the spicy, juicy, and full-of-surprises vibe of the menu. Expect plenty of light, aromatic whites and juicy, easy-drinking reds — something for every mood and every bite.

We're big on championing small producers, with a strong local focus and a special nod to the beautiful Mt Towrong wines from Victoria. And, just to keep things interesting, there's a cheeky splash of European influence in the mix, just like on the plate.

Mt Towrong, VIC

Mt Towrong is a small, characterful vineyard tucked away in Victoria, where thoughtful farming and a gentle, hands-off approach let the fruit shine. The wines are vibrant, expressive and full of personality, with a beautiful sense of place. Still relatively under the radar in NSW, they feel like little gems waiting to be discovered.
