Desi are the people, cultures, and products of the subcontinent and their diaspora.

Desi is derived from a Sanskrit word meaning 'land, country'.

welcome to desiland

Sometimes as chef.

Sometimes

as cook. Sometimes as traveller. We went 'round and about. We

studied olden kitchens of Mohenjo-daro. Weathered rich Lahori

seasonings. Disputed the origins of Goshtabeh. Harvested family secrets

in Kabul. Occasioned delicacies in Punjabi festivals. Scoured the

foothills of the Himalayas. Soaked all the aromas around Bengali.

Absorbed the subtleties of dum. Feasted in the streets and terraces

of Dhaka. We savoured the pickles of Telugu. Immersed in

complex tastes from Colombo. Quizzed culinary pundits in

Kerala. Sipped a thousand sauces in Goa. And broke roti as

they pounded the pitch at Wankhede. *'Kitna karega insaan'*
