# DALWOOD

## ESTATE

*Established 1828*

### THE BIRTHPLACE OF HUNTER VALLEY AND AUSTRALIAN WINE

Dalwood is Australia's oldest wine label and longest continually operating vineyard.

Vines have been grown, and wines have been made continually at Dalwood without a break for 197 years!

Established by George Wyndham and family in 1828, this famous vineyard was the home of the first significant plantings of Chardonnay and Shiraz in Australia. Original plantings also included Semillon (then mistakenly Riesling), Verdelho, Pinot Noir and Meunier, and unknown Spanish and Portuguese varieties. Tempranillo and Touriga have been replanted to replicate those original plantings along with the long-standing plantings of Semillon, Chardonnay, and Shiraz.

Dalwood vineyard is on the south bank of the Hunter River upstream from Maitland in the lower Hunter Valley. Being planted directly on the riverbank it has variable soils of river sands and gravels, with sandy clay loam on the higher terraces. Dalwood has its own unique climate, which is heavily influenced by the Hunter River, and is cooler with more influence from the nearby Pacific Ocean than the rest of the Hunter Valley vineyards.

FAMILY OWNED ESTATE

# Hungerford Hill

ESTD 1967

## A DROP OF HISTORY IN EVERY GLASS

Hungerford Hill was established during the boutique wine boom and has been making Hunter Valley wines for 58 years. Hungerford Hill is also the establishment brand for the Tumbarumba wine region in the Snowy Mountains of southern NSW, and the second oldest brand from the

Hilltops region. It is from these three New South Wales wine regions that Hungerford Hill makes all its acclaimed and award winning wines. Tumbarumba is a true cold climate region of high altitude on the western slopes of the Snowy Mountains. Winters are cold with frequent snowfall, summers are warm with intense sunlight at low temperatures that produce aromatic and crisp Sparkling, White and Pinot based red wines. Hilltops is a grape grower's dream of warm days and cold nights. This cool climate region can grow and ripen any variety, but it really shines with later ripening white and red varieties.

# SWEETWATER

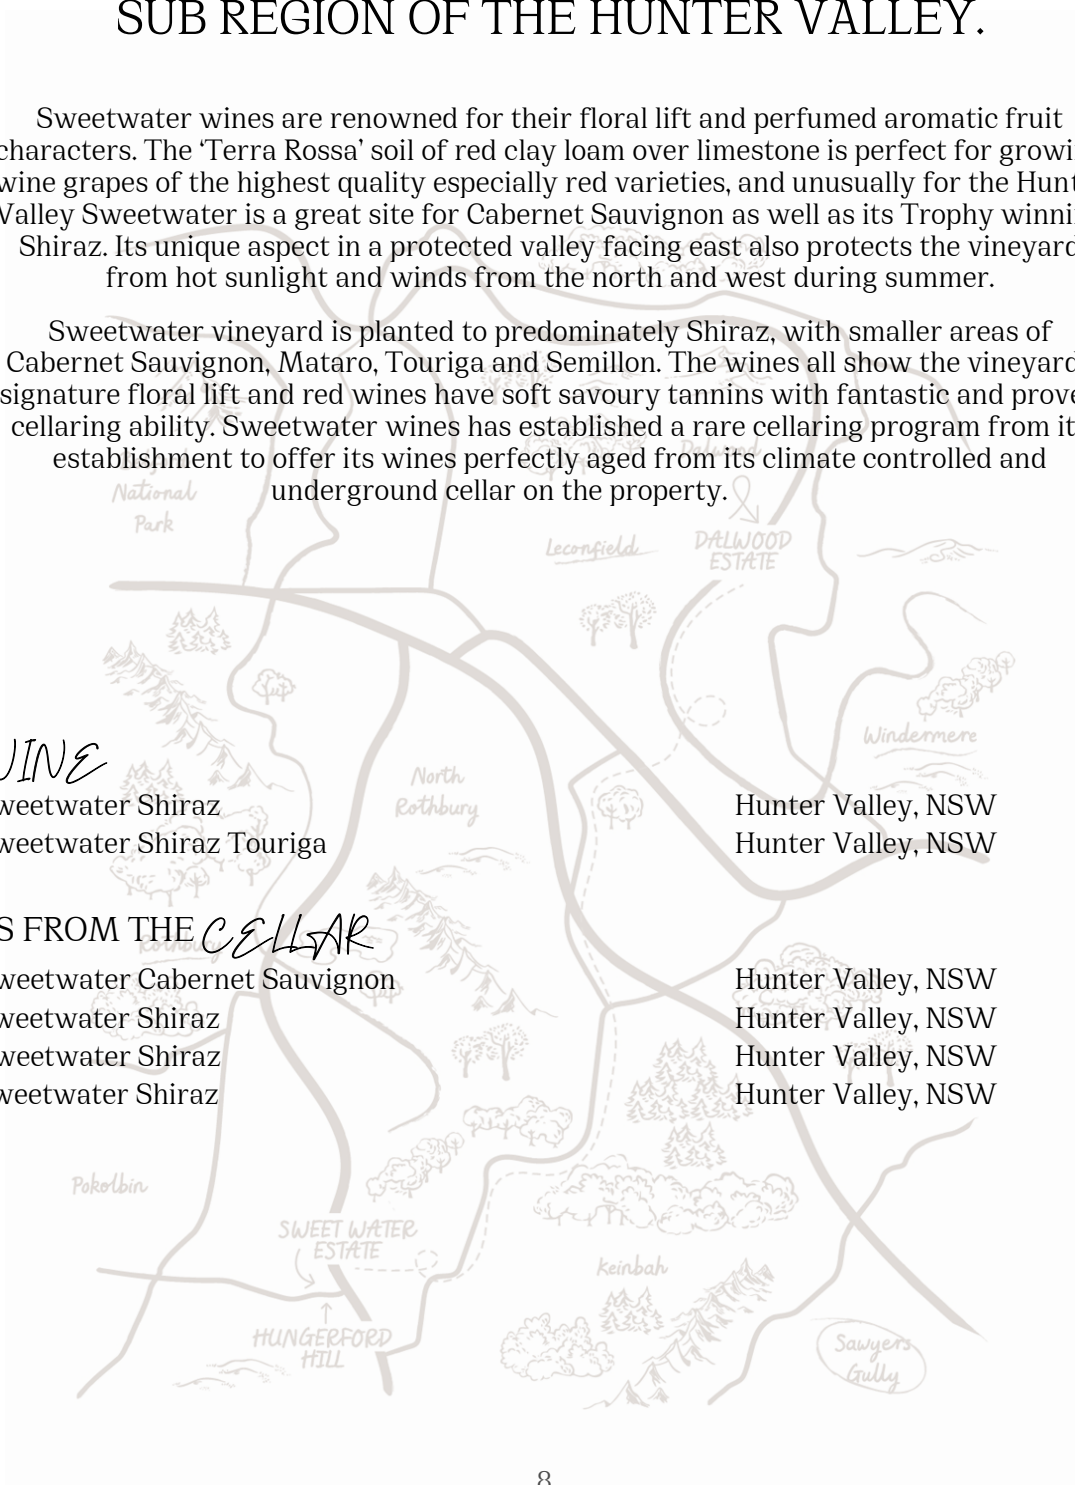

*Established 1998*

## A UNIQUELY BEAUTIFUL AND ACCLAIMED SINGLE ESTATE VINEYARD IN THE BELFORD SUB REGION OF THE HUNTER VALLEY.

Sweetwater wines are renowned for their floral lift and perfumed aromatic fruit characters. The 'Terra Rossa' soil of red clay loam over limestone is perfect for growing wine grapes of the highest quality especially red varieties, and unusually for the Hunter Valley Sweetwater is a great site for Cabernet Sauvignon as well as its Trophy winning Shiraz. Its unique aspect in a protected valley facing east also protects the vineyard from hot sunlight and winds from the north and west during summer.

Sweetwater vineyard is planted to predominately Shiraz, with smaller areas of Cabernet Sauvignon, Mataro, Touriga and Semillon. The wines all show the vineyards signature floral lift and red wines have soft savoury tannins with fantastic and proven cellaring ability. Sweetwater wines has established a rare cellaring program from its establishment to offer its wines perfectly aged from its climate controlled and underground cellar on the property.
