## Wine List

*Welcome to Le Tonkin.*

*Here we celebrate the cuisine of Vietnam with the focus on Hanoi where well-known dishes like Phở, Chả Cá and Bún Chả are believed to have originated. Classic flavours done with a regional twist gives us an opportunity to explore these wines below in the same way too – you will find familiar varietals but with a slightly more interesting edge in terms of its wine-making, origin and even philosophy.*

*The reds here tend to be less tannic and softer, and the aromatic and apt. We hope with a snapshot of wines that intimately compliment the food.*

*While all the wines here have high compatibility with the food, we have included a profile guide with each wine to help you decide the style you prefer on this occasion.*
