TAKEAWAY

1862 LONDON DRY STYLE GIN | 40% \$72

A more traditional style of gin, this Juniper forward gin has hints of coriander and thyme which just begs for an Indian or Mediterranean tonic to bring out the earthy flavours of a well-rounded gin

PNK GIN | 40% \$72

A bright raspberry forward gin, PNK has the traditional juniper nose with the sweetness of vanilla and liquorice root to give a balanced finish

SERIOUSLY CITRUS GIN | 43% \$76

As the name implies this very fruity gin has orange & lemon myrtle as the main flavours with just a hint of juniper berries to give just a touch of earthiness

ENCHANTED CAT OLD TOM GIN | 43% \$76

A slightly sweeter and richer gin thanks to a touch of liquorice root, hints of star anise and cloves

TWIN SCREWS GIN | 57% \$96

Back in the days of sailing ships and pirates gin and gunpowder were often stored together, but if any gin spilled onto the powder it was rendered useless. Then one bright 'spark' discovered that gin at 57% ABV would still allow the gunpowder to go off with a bang!

ORIGINAL SIN PREMIUM VODKA | 37% \$69
