WHO IS MOONSHINER?

Moonshiner is a boutique distillery on the edge of Marrickville, founded in 2020 by 4 gin lovers with the sole purpose of creating the most flavoursome gin humanly possible.

Our tagline is “stands up to Tonic” and we stand by that ethos. Our spirits are full, fun and flavourful.

Proudly local, we source a lot of our ingredients from independent growers. Our Signature botanicals include Dorrigo Pepper, a fruity pepper with some heat in the tail which is only found around the Dorrigo area, finger limes sourced from southern NSW and strawberry gum, from eucalyptus trees native to WA.

Reflecting the community in which we evolved, we've named each of our gin creations after the streets surrounding us in Newtown. Take a moment to walk these streets and be enchanted, as we are, by the world class street art, eclectic architecture, colourful gardens and welcoming locals.

TASTING NOTES

LIQUEURS, COCKTAILS + OTHER SPIRITS

Baltic Street Vodka: 37%

Moonshiner's Baltic Street Vodka is a super fine crafty vodka, worthy of our northern country cousins. Double distilled and perfectly balanced with a hint of lemon grass and vanilla.

Charles Street Chocolate Liqueur: 25%

Named after Charles Street... you don't need a golden ticket to enjoy this smooth velvety liqueur. Perfect on the rocks, or with a dash of cream. Charlie also forms the base of our favourite Moonshiner cocktails – the Jaffa.

King Street Barrel Aged Negroni: 25%

Our Aussie Native Gin is the base for our barrel aged Negroni. The addition of vermouth and an Aperitif make for a lovely bitter, fruity cocktail. To add richness texture, we leave it in wooden barrels for up to 6 months. The oak gives a creamy texture to the Negroni, layering it with an oaky, warm, rich flavour. We love our Negroni. The perfect after dinner cocktail. Garnish with an organic orange wafer.

Metropolitan Street Espresso Gintini: 20%

A gorgeous hit of coffee in your Gin to awaken your Juniper senses! Our Australian Native Gin is infused with Espresso to deliver an earthy, toasty aroma of malt and baked spices and butterscotch. This delicious, rich Coffee liqueur will flood your palate with flavour and warmth. Try it in a cocktail or with a splash of tonic! Garnish with floating coffee beans, or a scoop of ice cream.

TASTING NOTES

BARREL AGED...

Ferndale Street Maple Barrel Aged Gin: 45%

Our Ferndale street Maple barrel rested gin is created with our signature Margaret street gin, left to soak in ex maple barrels for up to a year. The result is a deeply sweet, citrus forward gin with subtle notes of oak that sits beautifully on ice or with tonic or in an old fashioned.

Lord Street Smoky Barrel Aged Gin: 45%

Moonshiner's Smoky Barrel-Aged Gin is as close to a whisky as you can get in a Gin bottle. We lightly smoke the key ingredients before bringing them together in our stills to produce a spicy spirit that's perfect for aging. We then barrel it in oak to create a velvety, heavy Gin with hints of vanilla and spice, smoke and citrus. Yum.

TASTING NOTES

FRUIT & NUT STEEPED GINS

Alice Street Pomegranate Gin: 40%

Pink Gins are often sweet and not reflect their signature ingredients. We decided on Pomegranate for our Pink Gin. It presents darker than many pink Gins and retains a lovely rose colour when tonic is added. Dried fruits, rosella and Pomegranates give it its vibrant colour, tang and a touch of sweetness. The Juniper carries through, with a hint of berry-ness, balanced out with noble botanicals. Pink at its finest.

Angel Street Cherry & Rhubarb Gin: 40%

This gin is all flavour, flavour, flavour. Perfect to pair with your family roast or a dark chocolate treat. It combines the deep sweetness of new season cherries with a hint of rhubarb, steeped in our Australian Native Gin. Perfect with wild raspberry tonic or just on the rocks.

Clara Street Kumquat Gin: 40%

We've harvested the sweetest Kumquats for this luscious marmalade style Gin, steeping them for weeks for maximum colour and flavour. The Gin base is chock full of Australian botanicals; lemon myrtle, strawberry gum and three types of pepper. The results are a rich, tangy juniper led orange-ness, which can be enjoyed on ice, or with tonic.

Lennox Street Nocino Walnut Gin: 40%

Take a little trip to your Nonno's Newtown backyard with this Italian inspired explosion of crisp bitter walnuts, balanced with delicate citrus and botanicals. Enjoy with tonic, soda, or in a cocktail. Proprio buonissimo, Nonno!

TASTING NOTES

MODERN GINS

Margaret Street Signature Gin: 42%

Our fragrant, full flavoured Signature Gin leads with juniper and follows through with delicious bursts of Australian Finger Limes, Lemon Myrtle and Strawberry Gum, rounded off with a hit of native Dorrigio Pepper. Noble botanicals provide earthy base notes for a Gin that dances on the tongue.

Simmons Street Aussie Native Gin: 42%

Like the Signature, Juniper leads this Gin but that's where the comparisons end. This Gin is a delicious, savoury experience with warm spiced flavours. Aniseed Myrtle is the prominent driver rather than the more traditional Australian Lemon Myrtle. Citrus is also present, but the savoury notes of cinnamon and peppers balance these out. This is a warming Gin, with a distinctly Aussie twang!

Pomelo & Macadamia Gin: 40%

Our Pomelo & Macadamia Gin is a delicate balance of bright citrus flavours blended with rich silky macadamias, the warmth of cinnamon and hint of Tasmanian pepper berries. The result is a full flavoured gin with a smooth finish that warms the soul.

Georgina Street Pear & Lime Gin: 40%

Smoothly sublime with a delicate nose, our Georgina Street Gin is an elegant edition to any Gin connoisseur's collection. It not only smells delicious, it IS delicious. This gin starts with gentle vanilla pear and finishes with a refreshing lime zing. Add a touch of tonic or soda and the pear flavours opens up like a beautiful blossom.

Commodore Street Navy Strength Gin: 58%

The flavour of Moonshiner's Navy strength Gin is what sets this high proof gin apart. Packed with Australian grown Finger Limes, Strawberry Gum, Lemon Myrtle and Dorrigio Pepper, we've also included a secret natural ingredient that gives this gin a sherbet like tang. A super smooth gin with a taste to match.
